THE MUSIC OF STAN FARRELL

*Makes his music with his feet and his hands
He wiggles his butt as he tries to dance
You might not like it, but give him a chance
Listen to the music of the One Stan band*

*The One Stan Band? That's right
The One Stan Band. One Stan Band
Stan's the only member of the One Stan band*

Stan Farrell is a Maine-based singer-songwriter performing from Rockland and Central Maine. His live music blends original acoustic rock with familiar covers, storytelling, humor, and audience interaction. Stan's goal is not simply to play songs, but to create a meaningful and entertaining experience that moves the room.

Stan performs, writes, and records his music as **Stan Farrell** and **Wizbe**, building a catalog of well over 200 songs. His music ranges from eclectic and funny to thoughtful, motivating, alternative, and story-driven. And Stan works to make THE LIVE SHOW a memorable experience for everyone there. This includes crowd/fan interactions, back and forth action with the hope that the people listening and watching will want to remember and talk about the entertainment in the future.

Stan is available as a solo acoustic performer for breweries, pubs, festivals, community events, private events, and other gatherings.

Stan's songwriting starts with real life: people, places, observations, odd ideas, travel, change, and the little moments that become stories worth singing about. The result is a catalog that can move from funny to thoughtful without taking itself too seriously.
